Sir,

I have the honour to forward herewith, a copy of resolution on the marginally noted subject passed at the Sixteenth Mysore Provincial Co-operative Conference held at Mysore during October 1929 in the matter of the supply of Revenue Maps etc., to societies, free of cost, and to state as follows:-

Free supply of Revenue Maps etc., to societies.

2. For the proper investigation of loan applications of members of societies and assessing their credit worthiness both for short term loans as well as for long term loans, extracts from settlement registers and the Register of Record of Rights are very necessary for proving the titles of the applicants for loans to the lands offered as securities for them. In Madras, the concession of a free supply of Revenue Maps is being enjoyed by co-operative societies. In view of the fact that the grant of the concessions prayed for in the resolution will be of immense benefit to the societies in the conduct of their loan investigation work, I recommend that the resolution may be favourably considered by Government.

I have the honor to be,

SIR,

Referring to your letter No. D.11913-14/C.S.138-29-2 dated 22nd April 1930 requesting my opinion in the matter of the free supply of Revenue Maps, extracts from Settlement Registers and true copies of Register of Record of Rights within the area of operation of Societies, I have the honour to state that in Co-operative Societies, appraisers are paid for the services rendered in fixing the value of land etc., and similarly remuneration is paid to the legal members for legal advice. The applicant for the loan has to bear all this expense. Such being the case, there appears to be no reason why Government alone should not be paid for the maps and extracts supplied. The preparation of these involves expenditure in the shape of stationery and copying fees for which clerks will have to be employed. I am therefore of the opinion that the cost incurred for copying and paper and other contingent articles may be levied and it is not necessary to levy more than the bare cost.

I have the honour to be,

SIR,

U/S17

In reply to your letter No.D.11913-14 dated 22nd April 1930 re: free supply of certain documents to Co-operative Societies, I have the honor to state that I am not in favour of free supply of village maps to the societies. The Government have to maintain a large technical establishment and also to incur a considerable outlay on paper, chemicals, machinery etc. for the preparation of these maps. After-all, a price of Re. 1/- for village map generally is charged, which is not unreasonable under the circumstances. I can see no reason why the Co-operative Societies should not pay this sum and get the maps.

As regards Settlement Registers and the final copy of the Record of Rights, it is perhaps true that the same would be helpful to the Societies for the investigation of loan applications. In such cases, the societies may be allowed to take free of cost the extracts concerned by deputing one of their own officials for the purpose to the Taluk Office.

"Resolved that the Govt. be requested to grant free supply of Revenue maps, extracts from settlement register and true copies of register of Record of Rights w wherever the scheme has been introduced, within the area of operations of societies, as they are necessary for the investigation of loan applications."

2. Letters No. C 4096/29-30 dated 10th May 1930 from the Revenue Commissioner in Mysore and letter No.4 dated 12th July 1930 from the Suptd. Revenue Survey & Settlements furnishing their opinion on the recommendation of the Registrar of C-operative Societies made in his letter read above.

O R D E R No. 2982-7 Dated, Bangalore, 12th September 1930.

The Registrar recommends that the following records may be supplied free of cost to co-operative Societies whenever required in order to facilitate the investigation of loan applications:-

(i) Rev. maps (ii) Extracts from settlement Registers and (iii) true copies of the Register of Records of Rights wherever the scheme has been introduced. The Revenue Commissioner reports that as the preparation of the ~~referred~~ copies referred to above involves expenditure in the shape of stationery, copying fees the actual cost incurred on this account may be recovered from the Societies concerned

The Suptd., Revenue Survey, considers that as the cost of a ~~mi~~ village map is only Re.1/- and as the Govt. incur considerable expenditure in its preparation, it is not reasonable to supply it free to the Societies. As regards the extracts from the Registers referred to, he suggests that the Societies may be allowed to take them free of cost by deputing one of their own officials to the Taluk office.

On a careful consideration of the matter, Govt. regret that the concessions asked for cannot be granted. ~~They are, however, pleased~~ ~~to direct that copies of the registers in question may be supplied to co-operative Societies on payment of the actual cost incurred for their preparation or the societies allowed to arrange to take the copies themselves free of cost.~~ ~~therefore~~ ~~prescribed~~ ~~fees~~ ~~should~~ ~~make their own arrangements to take the required extracts.~~

The Co-operative Societies Should either pay the prescribed fees or make their own arrangements to take extracts from the Registers. The Rev Commr & the Supdt of Revenue Survey & Settlements are requested to issue instructions for making the Registers available to the Co-Societies for taking extracts or Copies on the regulations
